Scan2x AI Feature: Revolutionising Contract Management

At Scan2x, we are thrilled to introduce our latest AI feature, designed to transform contract management for businesses. With this remarkable advancement, we are revolutionising the way companies handle contracts, making it easier and more efficient than ever before.

The Power of Scan2x's AI Contract Feature

Scan2x's new AI Contract Feature empowers you to effortlessly manage contracts, even when the system has never seen a particular document format. Imagine giving it a contract in any format, be it scanned, typed, or handwritten in English, and let the magic unfold. Our AI reads the document and understands the critical details, including:

- Effective Date
- Execution Date
- Contract Title
- Parties Involved
- Jurisdictions

The Scan2x AI Advantage

Our Natural Language Processing (NLP) AI technique is a game-changer. Here's how it works:

You don't need to create or maintain templates. Just present the contract, and the AI takes it from there.

01 NO TEMPLATES REQUIRED

Our AI reads the text, extracting crucial information with precision.

02 TEXT EXTRACTION

It analyses the document content to identify the effective date, execution date, contract title, jurisdiction and parties involved.

03 ADVANCED ANALYSIS

Why This Matters for Your Business

1
UNPRECEDENTED FLEXIBILITY
Work with contracts in any format, eliminating the need for predefined templates.

2
SPEED
Our AI processes documents swiftly, saving you valuable time.

3
ACCURACY
Reduce the risk of errors associated with manual data entry.

4
ADAPTABILITY
Our AI continually learns and adapts to different contract styles and content.

Experience the Future of Contract Management

Scan2x's AI Contract Feature empowers your business to manage contracts effortlessly, regardless of format or layout. It's like having a contract expert on your team, available 24/7.
